THOUSAND ATTEND

NODAWAY COUNTY'S SUCCESSFUL FAIR IN FULL FORCE.

FLORAL EXHIBIT FINE

Perfect Displays of Fruits and Vegetables—Merchants Also Had Exhibits.

Tonight's Program.

8:00—Fireworks by "Fearless" Blondin, and also wire walking by Blondin.

9:30—Horse show; cattle show.
10:00—High dive by C. A. Bigley.

Friday's Program.

10:30—Monoplane flight by Worden.
Afternoon—
1:30—Automobile and motorcycle races.

2:00—Monoplane flight.
4:00—Balloon ascension by Phelps.
5:00—Monoplane flight.

Nodaway county is just about in the midst of a mighty successful fair. The entrance statistics last night indicated a crowd of close to 6,000 persons and double that were here today.

Everything has gone off with a flying start for the first two days and many good things are promised for the rest of the week.

Floral Hall.

Summed up in two words is "fine stuff." Some of the displays are unusually well placed and the center promenades are crowded all day long and in the evening. The first floor is taken up with the horticultural and poultry shows and some exhibits.

Model Farm.

R. S. Braniger has a model farm that is mighty attractive. The house, barns, stock and granaries are there and the wheat and corn is in various stages of growth. Real goods, too, not painted.

Merchants' Displays.

Wadley Bros., saddlery; Barbour Hardware company; Berney Harris, clothing; H. C. Bower hardware and the C. A. Jensen Produce company, each have an exhibit on the ground floor that indicates a good live business back of it.

Heirloom Cucumber.

One of the curious exhibits in the horticultural booth is a 64 year old cucumber. The cucumber is exhibited by Mrs. D. Coulter and was placed in the bottle by her grandmother 64 years ago.

Five Fruit Specimen.

The display of fruit and vegetables in unusually fine and the samples are as perfect as could be found in any county. In the booth is also a display of porch boxes, one of the finest being that of Mrs. Anna Belcher, who has given it to the committee in charge, to be sold for the benefit of the women's rest room, or in case it is not sold to be given to the rooms.

Giant Corn.

The corn on the stalk exhibited will do for any skyscraper ladder. Without reading the labels, every one guesses it to be of the A. O. Mason farm or from the Gus Romasser garden. The first is right, it is from the Mason fields.

Educational Exhibits.

The U. S. Copper Cable company has an unusually interesting booth that attracts many people who are not familiar with the many things shown and find it educational to study. The Maryville Business College also has headquarters on the upper floor.

Commercial Booths.

D. R. Eversole & Son, dry goods;

DeHart & Holmes, jewelers; P. O. Landon Music company; Crow Photo studios; Price & McNeal, furniture; the Bee Hive Shoe store; the Maryville Furniture and the Ryks Plumbing company have arranged their booths with displays which are very creditable. Price & McNeal have a new Kaiser Krey Oak Dining Room set, especially ordered for the display and the china and glass is exhibited by the Schmacher grocery.

Women's Handicraft.

The textile department where the women's work alone is shown, draws a constant crowd for there is work displayed which shows marvelous skill. The booth is looked after by Mrs. M. A. Peery, Mrs. G. R. Cornelius and Mrs. L. W. Nixon. The last of the premiums will be awarded by noon today. The three judges are Mrs. Paul Ream of Kansas City, Mrs. C. A. Childs of St. Joseph and Mrs. W. A. Bailey of Maryville.

Exquisite Needlework.

Mrs. Sue Walker has a display of the popular tatting, about 15 pieces, that is the admiration of every one. The pieces are a marvel of fine needlework.

Special Displays.

Two special displays, one of basketry and one of pierced brass are in a class of their own. The basketry and raffia work is that of Mrs. M. A. Peery and the brass pieces, including five different pieces, were made by Miss Mabel Riffle.

Elderly Women's Work.

One of the most remarkable displays is that of Mrs. W. H. Jones of Burlington Junction. This includes two hand embroidered table cloths, crocheted bedspread, several dollies and numerous other pieces and as the maker is 76 years old and slightly crippled in her hands the work is really remarkable. Mrs. Mary Hahn of this city has a very fine display of crocheted work that is exquisitely done.

MULE SHOW LARGE.

Hereford Cattle Show Held at the Same Time This Morning.

The mule and jack show was held this morning at the county fair. There were a large number of entries. The following winners were announced:

Ring No. 7—John Gex, Graham, first; Clifford Frost, Skidmore, second; George Lucas, Maryville, third.
Ring No. 8—John Gex, Graham, first; Clifford Frost, Skidmore, second; George Lucas, Maryville, third.
Ring No. 9—Leonard Lynch of Maryville, first, second and third. He was the only entry.

In the Hereford cattle show held at the same time as the mule and jack show, Biehl & Sidwell of Queen City, Mo., won all of the prizes in all of the classes. They are on their way to Lincoln, Neb., where they will exhibit their cattle at the state fair.

Ring No. 10—Hall Bros., Stanberry, first; Albert Carr, Maryville, second; J. B. Horton, Ravenwood, third.
Ring No. 11—No entries.
Judges—Harrington of St. Louis, Keefe and Fulton of Bedford and Gordon of Lenox, Ia.

Police Court Busy.

Mary Clary, colored, was fined \$100 and costs for adultery. She paid the costs but not the fine, and was sent to jail.

J. E. Klaison was fined \$25 and costs for adultery. He paid both.

Orma Jackson, Estella Davis, E. L. Gill and L. M. Jackson were each fined \$15 and costs for prostitution.

L. D. Farming and James Roberts were fined for being drunk.

Announce Birth of Son.

Mr. and Mrs. Richard Osborne of Omaha announce the birth of a son yesterday. The Osbornes are former residents of Maryville.

SWEEPSTAKE BABY

AT THE FAIR IS SYDNEY FOX OF MARYVILLE.

78 ENTERED THE SHOW

Virginia Scott is Best Baby Girl and Donald Dowden the best Boy.

Sydney Fox, son of Mr. and Mrs. John Fox of this city, took the sweepstakes prize yesterday for the best baby in the baby show.

There were seventy-eight babies entered in the show. This included seventy-two singles and three sets of twins.

Donald La Vern Dowden, son of Mr. and Mrs. Clarence Dowden, north-east of here, took the prize for the best baby boy. The prize for the best baby girl went to Virginia Mae Scott, daughter of Mr. and Mrs. Clark Scott, who live northwest of town.

Frank Marshall Reavis, Jr., son of Mr. and Mrs. Frank Reavis of this city, was given the prize for the second best baby boy. The prize for the second best baby girl went to Alice Charles, daughter of Earl Charles of Skidmore, Mo.

The best twins were Mary and Martha Burch, daughters of Mr. and Mrs. George Burch of Pickering, Mo.

The second best twins were Minnie and Mary Bright, daughters of Mr. and Mrs. Albert M. Bright of Maryville.

The Gillam-Jackson Loan and Title company gave prizes of \$10 each for the firsts and \$5 each for the seconds.

Ralph Marcell, the photographer, gave one dozen photographs for the sweepstakes prize.

WILL OBSERVE LABOR DAY.

Holiday at the Postoffice Monday—General Delivery to be Open for Two Hours.

Labor Day next Monday will be observed as a holiday at the postoffice and there will be one delivery of mail. The general delivery window will be open from 8 o'clock to 9 o'clock and again from 11:30 to 12:30.

Eldon Irvin will attend the meeting of the United National association of postoffice clerks which will convene at Omaha Monday. He will be away Monday and Tuesday. A number of the rural mail carriers are intending to be at the Fourth District rural mail carriers at Parnell Monday.

Mrs. John Borrusch and daughter, Mabel Grace, returned yesterday from a visit with relatives at Villisca, Ia.

RIVER IS RAISING

WILL END WATER SHORTAGE IN MARYVILLE.

BANK FULL AT HOPKINS

Six-Foot Rise is Expected Here Late Today—Continue Installation of Sandpoint System.

The agony is over! Maryville is now assured of an adequate water supply indefinitely. According to L. A. Denny, superintendent of the municipal water plant, a 6-foot rise in the 102 river is steadily pushing its way southward toward Maryville, and will probably arrive late this afternoon. At 11 o'clock the wall of water was about five miles south of Pickering and traveling at the rate of about four miles an hour there.

Superintendent Denny left for Hopkins early this morning to ascertain if a dam and the 102 drainage ditch about a mile south of that town, were responsible for holding back the water supply resulting from the recent heavy rains in Iowa. He intended to request the management of the dam to let a portion of the water at least through, that Maryville might have a greater quantity.

Mr. Denny gave up the trip, however, upon seeing the rise progressing steadily this way. He hastened home to put everything at the local pumping plant in shape for taking advantage of the raise. It was the intention of Superintendent Denny to shut off the water service throughout the city at noon today, until he saw how close upon the city was the rise in the 102 river.

Ends Uneasiness.

"When I left town early this morning there were but four inches of water in the reservoir, and it looked very much as though Maryville would again be devoid of city water," said Superintendent Denny, after returning from the up-river trip. "By holding down the drain over the city as much as possible I believe water service can be maintained until the rise arrives. Then we shall rest a little more easily than during the last few weeks."

That the river will rise more than the six feet later in the week is indicated in a telephonic communication from Hopkins, in which it was stated the river was bank full there and overflowing in the low places. At Pickering the river also is about bank full, according to Mr. Denny. This extra amount probably will reach Maryville tomorrow, or late tonight.

The installation of the sandpoint

system will continue, however, Mr. Denny said this morning. Three points were completed yesterday, while the same number is expected to be installed daily until the full quota of fifteen is completed, according to Mayor U. S. Wright.

No complaints of inadequate service have been received in any part of the city since all-day service was resumed this week, according to Superintendent Denny. This appears hopeful, in view of the fact that much more water is being used this week on account of there being so many visitors in the city attending the county fair.

WILL GET FREE TRIP.

Some Nodaway Boy Will Attend State Fair.

Some boy in Nodaway county will have a chance to get a trip to the state fair, with all of his expenses paid. The boy who receives the highest average in an examination to be given in the office of the county superintendent of schools will get this trip.

The Commercial club of Maryville will pay the railroad fare of the lucky boy, and the state fair will pay his expenses at the fair.

The examination for boys' week at the state fair will be held at the office of the county superintendent Saturday, September 5, at 10 o'clock. The examination consists of five questions in arithmetic, five in agriculture, five in geography and an essay of 250 words on "The Care of a Dairy Herd."

The examination will be open to any boy in the county between the ages of 12 and 17 years, except the ones who attended last year.

Ralph Palmer was the boy who was the delegate from here last year. This is the second year of the contest.

FUNERAL SERVICES TOMORROW.

Body of Thomas Q. Burns Reached Maryville This Morning.

The funeral services of Thomas Q. Burns, who died Tuesday at a sanitarium at Rochester, Minn., will be held at 9:30 o'clock tomorrow morning at St. Patrick's Catholic church. Interment will be made in St. Patrick's cemetery.

The body of Mr. Burns reached Maryville this morning, accompanied by Mrs. Burns and daughter, Mrs. Tom Davis, who had gone with him to Rochester several weeks ago.

To Preach Sunday Night.

Dr. C. C. Drummond, missionary pastor of the First Christian church, will preach at the First Christian church next Sunday night. Dr. Drummond now is stationed at Harta, India, for this church. It is expected that Dr. Drummond will describe to a great extent in his sermon Sunday night conditions as he has found them in India.

ELECT NEW POPE

CARDINAL DELLA CHIESA SUCCEEDS PIUS X.

FRENCH TO BORDEAUX

Move Seat of Government From Paris—Take All Wounded to Rennes and Nantes.

(By American Press.)

Rome, Sept. 3.—Cardinal Della Chiesa was elected pope. The new pope will take the name of Benedicte XIV. He was formerly archbishop of Bologna.

Paris, Sept. 3.—President Poincare and cabinet have left for Bordeaux, the new French seat of government.

London, Sept. 3.—A dispatch from Paris states orders have been issued for the removal of all wounded from Paris to Rennes and Nantes.

FAIR ATTRACTIONS GOOD.

Capt. J. H. Worden and His Air Machine Popular With the Spectators—Balloon Ascension Spectacular.

The free attractions provided by the program committee of the Maryville fair are certainly making good with the Maryville fair goers. The promptness and thoroughness with which they do their various acts speaks well both for them and for the management.

Captain J. H. Worden, who appears three times each day, is one of the most popular performers given to the fair fans. The flight of yesterday afternoon took place at the same time that one of the races was being run. The big machine seemed to pause just long enough to perceive the contest which was going on below, and then took a long sweeping dip toward the race track and became an unlisted entry in the race. Needless to say the airship has a little the better of the contest. Each time as Captain Worden sails over the grand stand, he waves to the people below, who in turn salute him almost in a body.

Captain Worden gave another successful exhibition of flying at 5 o'clock.

It seems hard for the people as a whole to realize the terrific speed which the big air machine actually attains. Captain Worden said yesterday evening that as he was passing over the fair grounds in one of his flights yesterday, that he saw a rather elderly man squint judiciously at the machine and then take down the race track at full speed, evidently hoping to distance the aeroplane.

The balloon attempted to go up early in the afternoon, but the wind was too high for them to successfully fill the gas bag. However, shortly before 6 o'clock they succeeded in filling it, and at 6:05 made the ascension. The evening was ideal, as there was scarcely a breath of air moving, and the big black bag, with its human freight, ascended straight into the air for a long distance and then when it had ceased to rise, the balloonist cut loose in his parachute with a burst of flame and smoke, making a very pretty descent. There was not sufficient air to carry the balloonist outside of the inside of the race track for his light.

COUNTY COURT TO MEET.

Will Equalize Merchants' Tax Prior to Routine Work.

The Nodaway county court will meet in regular session next Monday for the entire week. The court will form an equalization board for the first three days for the equalization of merchants' taxes. The latter part of the week will be devoted to the usual routine work.

Presiding Judge Thornhill said this morning he expected little important business during this session. A number of business men, however, have asked for an investigation into their assessments, it is said.

Visited at Tracys.

L. M. Dumm of Bedford, Ia., spent yesterday in Maryville visiting with his daughter, Ruby, who makes her home with Mr. and Mrs. L. B. Tracy.

B. W. Trullinger of Mound City arrived in Maryville this morning to visit his son, Henry Trullinger, and his daughter, Mrs. C. L. Evans.

Miss Inez Balmum left today for Orange, Texas, to teach in the high school there.

Only Sure Corn Cure Ever Known

"Gets-It" the New Way, 2 Drops Do It
To endure the pain and tortures
caused by a little thing like a corn
is ridiculous, simply because it is
unnecessary. The new-plan corn cure,

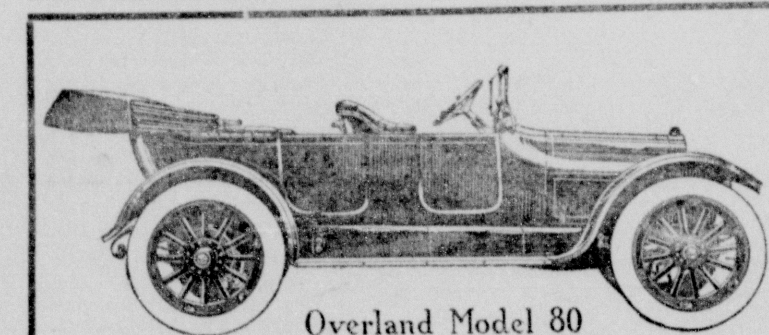

Use "GETS-IT" for
Corns and You
Won't "Holler"
When You Put on
Your Shoes.

"GETS-IT" is the first one ever
known to remove corns without fail,
without pain and without trouble.
This is why it is the biggest-selling
corn cure in existence today. It is
now used by millions, because it does
away with sticky tape, with blisters
and cotton rings that shift their po-
sition and press down onto the corn,
with knives that "draw up" the toe,
with "barreners" that cause pressure
and pain, with knives, razors and
files, clawing and peeling at a corn.
"GETS-IT" is applied in two sec-
onds. Two drops applied with the
glass rod do the work. Pain goes,
the corn shrivels, vanishes. Accept
no substitute. Try it on your corn, wart,
callus or bunion tonight.
"GETS-IT" is sold by druggists
everywhere, 50c a bottle, or sent di-
rect by E. Lawrence & Co., Chicago.

Deafness Cannot Be Cured

Local applications, as they cannot reach the
seated portion of the ear. There is only one
way to cure deafness, and that is by constitu-
tional remedies. Deafness is caused by an inflamed
condition of the mucous lining of the Eustachian
tube. When this tube is inflamed you have a
rumbling sound or imperfect hearing, and when
it is entirely closed deafness is the result, and
this tube restored to its normal condition, hear-
ing will be restored forever; nine cases out of
ten are caused by Catarrh, which is nothing but
an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case
of Deafness (caused by catarrh) that cannot be
cured by Hall's Catarrh Cure. Send for circulars,

Will Filed for Probate.

The will of Mrs. Amanda Sipes, who
died Friday, August 21, was filed with
Probate Judge W. H. Conn this morn-
ing. The estate is left entirely to the
deceased's husband, Noah Sipes, and
at his death the whole amount, with
the exception of a legacy of \$50 each
to be given to the step-children, Wil-
liam and Charles Sipes, Mrs. Elda
Rutherford and Mrs. Verna Metcalf, is
left to a son, Lester Sipes. The will is
witnessed by D. R. Eversole and Fred
J. Yeomans. Lester Sipes is named as
executor without bond.

Announce Prize Winners.

The prize winners in the contest
which has been conducted by the Pear-
son drug store were announced this
morning by Judges Thad Wilderman,
Howard Strong and Henry Stapler.
Miss Mayme Parish won the first
premium of a Claxton piano, while Miss
Marie Binter was awarded an Elgin
watch as second prize. Miss Ora Bar-
mann received third prize of a lady's
gold watch.

Hopkins Lyceum a Success.

Contrary to the facts in the Mary-
ville Chautauqua, the Chautauqua now
being held in Hopkins is proving a
financial success, according to the
Hopkins Journal. The gate receipts
are greater than was anticipated by
either the Chautauqua management or
the local committee. The advance sale
of season tickets which were guaran-
teed by the local sales body at \$690,
overran those figures by about \$75.

E. W. Looker of Craves came to
Maryville last night to visit until Sun-
day with his brother, John Looker.
Mr. Looker was one of the earliest set-
tlers in Maryville, having moved to
Maryville in 1862, when nothing but a
few log cabins dotted the landscape.
Mr. Looker moved from Maryville
thirty-eight years ago.

Card of Thanks.

I wish to extend my sincere thanks
to my many friends who have so ably
supported me in the recent piano con-
test which has been conducted at the
Pearson pharmacy.

Gratefully,
MAYME PARISH.

Guests From Illinois.

Mr. and Mrs. J. M. Townsend and
daughter, Estelle, of Stockton, Ill., ar-
rived in Maryville yesterday in their
car to visit Mr. Townsend's brother,
S. H. Townsend, and his sisters, Mrs.
J. N. Manley and Mrs. C. D. Hooker,
and families.

FAST TRACK YESTERDAY.

Races All Run as Scheduled—Program Tomorrow Includes Auto and Motorcycle Races.

With an exceptionally fast track and
the horses in good fettle yesterday's
races were among the most interesting
yet ran at the fair. Every race was
run as scheduled, and there was noth-
ing to mar the afternoon except that
the fast running mare, Miss Sly, was
unable to contest because of a severe
strain which she received in one of the
races of the day before. It is doubtful
whether she will be able to contest in
the big Maryville derby today.

The final results of yesterday after-
noon's heats were as follows:

First race, 2:15 pace—First money,
Hallie Phelps, owned by J. Phelps of
Fayette, Mo.; second, Dan Gentry,
owned by J. T. Norman of Stanberry,
Mo.; third, Little Gene, owned by M. A.
Rundle of Craig, Mo.

Second race, the 2:20 trot—First
money, Catherine Wiley, owned by V.
L. Ambrose; second, Tasko, owned by
Rowe of Fayette, Mo.; third, Joe Fra-
zier, owned by Ole Rowe, Shelby, Mo.
The fastest heat was run in 2:25.

The third race was a 4½ furlong
dash, in which Lover's Lane won first
money, Tonight won second money, and
King Earl won third money. Time, 56.

The fourth race was the 5½ furlong
dash. First money was won by Bess
Ward, second money was won by Las-
sie Dear, and third money was won by
Deerfoot. Time, 1:12½.

The fifth race was a hurdle exhibi-
tion given by Ballencer.

Tomorrow there will be automobile
and motorcycle races and also a coun-
ty trot or pace and mule race. The
entries will not close until 10 o'clock
in the morning. There is a purse of
\$50 for a 20-mile auto dash; \$20 for a
20-mile motorcycle dash; and \$25 for a
two-mile automobile dash. For the
one mile race, any make car, first
prize, is \$20.

The other events are:
2 mile motorcycle dash, first prize,
\$10; 2 mile bicycle race (boy under 16
years) first prize \$10; best lady driver
(speed not considered) \$10; best gen-
eral driver (speed not considered) \$10;
county trot or pace, ½ mile, two in
three \$20; mule race, one mile, first
prize \$20.

A Surprise Dinner.

Miss Mary Loch planned a very successful surprise and a farewell dinner on Mr. and Mrs. Arthur Morris at their home in Pickering Sunday, August 30. Mr. and Mrs. Morris will soon leave for their new home in Fawcett, Mo. The guests arrived at the Morris home at 11 o'clock, bringing with them well filled baskets. A delicious dinner was served and much enjoyed by all at the noon hour, after which the elder people engaged themselves with social talks and the young folks car riding. After which the guests departed, wishing Mr. and Mrs. Morris much happiness in their new home. The guests were as follows: Mr. and Mrs. Arthur Morris, Mr. and Mrs. John Loch of Orrsburg, Mr. and Mrs. C. A. Loch, Mr. and Mrs. H. C. Lincoln, Mr. and Mrs. Guy Blanchard, Mr. and Mrs. George Loch, Mrs. Nancy Loch, Mrs. Lizzie Beaver, Mrs. Ida Morris, Messrs. Marvin and Hubert Morris, Fred Loch, Harold Loch, Roy Blanchard, Esther Morris, Ocie Morris, Lee Morris, Joe Morris, Misses Anna Loch, Ethel Morris, Golda Loch, Cecil Morris, and the hostess, Miss Mary Loch.

Guest of the Allens.

Mrs. Noah Jennings of Kansas City arrived in Maryville Monday to visit Mr. and Mrs. Gabe Allen.

FIGHTING THE HESSIAN FLY.

Government Gives Suggestions for Eradicating Pest.

That the Hessian fly will do serious damage to wheat this fall is not the least problematical. Investigations by experts of the bureau of entomology, United States department of agriculture, together with unlimited correspondence and press reports indicate that the pest is generally distributed over several states, including Oklahoma, Kansas, Nebraska, Iowa, Missouri and Arkansas, sections of which have suffered immense loss from its ravages to wheat during the season just closed.

There are two generations each year over the district outlined above and the recommendations given herein are applicable to the entire district. The first generation occurs in the early spring, at the time the new wheat leaves are putting forth. This is the one that did so much damage to the wheat last spring, and the "flaxseed" produced by this generation are in the wheat stubble at this time. The second generation is the one produced by the "flaxseed" which are in the stubble. It occurs on the fall wheat and often kills out 75 per cent to 100 per cent of the plants. The farmer must destroy the "flaxseed" in the stubble before the wheat is planted.

Disc the stubble as soon as possible after the wheat is removed; follow disc with a big fire; follow the fire with the plow, and plow deep; follow the plow with the harrow or heavy roller. If you do not wish to burn the stubble then follow the disc with the plow, being careful to cover all the stubble and weeds. Prepare a good seed bed and be careful to select the strongest seed, choosing a variety having a stout straw.

Suitable dates for sowing wheat are as follows:

Sow wheat after Sept. 25, north of 41st parallel.

Sow wheat after Oct. 1, north of

The Round Oak Base Burner is the strongest floor heater; because of the large cold air circulating flue drawing the cold air off the floor and carrying it over the intensely heated base flues, thus creating circulation. Let us show you this construction.

To burn soft coal economically, you must consume 85 percent of gas of which it is composed, as possible.

The Round Oak double heater is so constructed that it does this. Let us show you why.

The Round Oak with the double fire bowl and cone center, clinker crushing grate makes not only the best Round Oak possible, but the most durable soft coal stove to be had and it costs no more than others that are much shorter life.

NEW DETAILS OF BATTLE

Servians Defeat Austrians at Jedar Says Official Statement.

Nish, Servia, Sept. 3.—An official statement gives new and fuller details of the battle of Jedar. The Austrian force, it says, was composed of 200,000 men and held a favorable position. By its retreat it admitted defeat. The Austrians left on the field of battle 10,000 dead and more than 2,000 wounded, according to the report.

"Altogether," continues the statement, "40,000 of the enemy were placed hors de combat. We have sent to the interior more than 4,000 men whom we took prisoners and have captured sixty guns, much ammunition, the material for the construction of a 600 meter bridge and a train. The battle was of great importance, because it was decisive. The enemy retreated to Santek."

Germany Lifts Embargo on Dyes. Washington, Sept. 3.—Representative Metz received from Rotterdam and transmitted to Secretary Bryan advices that Germany has raised the embargo on exportations of dye stuffs, but not on pharmaceutical products.

PURE WOOL

In the first pink dawn of our civilization, in the earliest epoch of history when what we know of our ancestors is hardly more than a guess at the truth, we find them tending their flocks, and those flocks were sheep, furnishing both food and raiment. As we continue down the hallowed halls of time, we find wool the most highly prized of men's possessions an index of his wealth, an article so valued that it has been woven into the history and sung into literature of the great races that are gone. It was Jason the mighty traveler whose wanderings have been immortalized in all languages—and Jason spent years in his search for what

Our forefathers crossed the plains to bring back the Golden Store of California, but of far greater value have been the shiploads and trainloads of billowy, snow white warmth compelling wear resisting wool. Wool is no less precious today, many attempts have been made to imitate it, many of these attempts are clever in appearance and to protect our customers, those who wear our clothes, we guarantee that all the suits we bought for this Fall and Winters business are strictly all wool and do not contain a particle of cotton. Our long service and honorable dealings should appeal to you, enough said.

WAR NEWS SUMMARIZED

The seat of the French government is to be removed from Paris to Bordeaux, which lies 353 miles southwest of Paris.

The British official press bureau announces that the French army has assumed the offensive and gained ground in the Lorraine district and that continuous fighting has been in progress all along almost the whole line of battle. The Russians, it is asserted, are investing Koenigsburg. Direct advices from the Russian capital give a report of a battle lasting seven days between the Russians and Austrians around Lemberg, capital of Galicia, in which the Russians were successful, forcing the Austrians to retreat, and seizing heavily fortified positions.

French aviators have pursued a German aeroplane over Paris. There was an exchange of shots in the air, but the German succeeded in getting away.

Russia admits a serious defeat in East Prussia at the hands of the Germans. In this battle two Russian army corps were badly cut up and three generals and a number of staff officers were killed.

An official report from Paris says that a German cavalry corps, marching toward the forest of Compeigne, engaged the British, and the British captured ten guns.

Petrograd (St. Petersburg), Sept. 3.—The following official communication was issued by the Russian war office:

"After a battle lasting seven days the Russian army seized heavily fortified positions around Lemberg, capital of Galicia, in Austria-Hungary, about ten or twelve miles from the town. The Russian troops then advanced toward the principal forts.

"After a battle, which was fiercely contested, the Austrians were obliged to retreat in disorder, abandoning heavy and light guns, parks of artillery and field kitchens.

"Our advance guard and cavalry pursued the enemy, who suffered enormous losses in killed, wounded and prisoners.

"The Austrian army operating in the neighborhood of Lemberg was composed of the Third, Eleventh and Twelfth corps and part of the Seventh and Fourteenth corps. This army appears to have been completely defeated.

"During the pursuit by the Russian troops the Austrians, who beat a retreat from Gulla Lipa, were forced to abandon an additional thirty-one guns. Our troops are moving over roads encumbered with parks of artillery and convoys loaded with provisions of various kinds.

"The total number of guns captured by the Russians around Lemberg amount to 150.

"The Austrian Fifteenth division was completely routed near Lustchoff on Aug. 28 and 100 officers and 4,000 soldiers were taken prisoners."

The general staff also gives the following account of the Russian reverses in East Prussia:

"Our offensive continues in our western position in East Prussia. Our troops have destroyed the railroad stations at Landsberg, Roessel and Bischofsstein and the Hellsberg-Zintern and the Bartenstein-Koenigsberg railroads.

"In the southern portion of East Prussia the Germans brought up reinforcements along our whole front and attacked our two army corps. These corps suffered a check, caused by the heavy artillery which the Germans brought up from the neighboring forts on the Vistula.

"Our contact with the enemy remains unbroken and fresh Russian troops are arriving on the Austrian front. The stubborn fighting continues."

The general staff announces that the Austrian Fifteenth division was completely routed near Lustchoff on Aug. 28 and that 100 officers and 4,000 soldiers were taken prisoners.

TO MOVE CAPITAL

Paris, Sept. 3.—A proclamation has just been issued by the government announcing that the government departments will be transferred temporarily to Bordeaux.

The building of supplementary defense works is proceeding vigorously. Several of the gates of Paris were closed to traffic.

The proclamation was issued by the minister of the interior, who said the decision had been taken solely upon the demand of the military authorities because the fortified places of Paris, while not necessarily likely to be attacked, would become the pivot of the field operations of the two armies.

Germans Crushed at Compeigne. Refugees from Crepy-En-Valois, department of Oise, twenty-three miles southeast of Compeigne, say the Germans were crushed near there and that piles of bodies were lying yards high. A sergeant wounded in the neighborhood of Compeigne declares he witnessed the annihilation of an entire German division by the French artillery.

At the eastern station the refugees are nearly as numerous, but there are few wounded among them. An injured artilleryman who arrived there spoke mysteriously of the terrible effects of certain French projectiles.

Situation in North. "In the north there are no signs of hostile troops at Arras, Lille, Bethune, Douai and Lens," according to an official announcement.

"Parts of several German army corps in Belgium," the statement continues, "are moving eastward into Germany."

The official statement adds: "In Lorraine our advance continues on the right bank of the Saone. In the south the situation is unchanged. In upper Alsace the Germans appear to have left. Before Belfort there is only a thin curtain of troops."

"A German cavalry corps which was marching toward the forest of Compeigne, on the left wing of the allied forces, engaged the English. The English captured ten guns."

"Another German cavalry corps has pushed on as far as the line from Soissons to Anzely Chateau. In the region of Reims and of the Meuse the enemy is inactive."

4:00—Balloon ascension by Phelps.
5:00—Monoplane flight.

Nodaway county is just about in the midst of a mighty successful fair. The entrance statistics last night indicated a crowd of close to 5,000 persons and double that were here today.

Everything has gone off with a flying start for the first two days and many good things are promised for the rest of the week.

Floral Hall.
Summed up in two words is "fine stuff." Some of the displays are unusually well placed and the center promenades are crowded all day long and in the evening. The first floor is taken up with the horticultural and poultry shows and some exhibits.

Model Farm.
E. S. Brantner has a model farm that is mighty attractive. The house, barns, stock and granaries are there and the wheat and corn is in various stages of growth. Real goods, too, not painted.

Merchants' Displays.
Wadley Bros., saddlery; Barbour Hardware company; Berner's Hardware; H. C. Bower hardware and the C. A. Jensen Produce company, each have an exhibit on the ground floor that indicates a good live business back of it.

Heirloom Cucumber.
One of the curious exhibits in the horticultural booth is a 64 year old cucumber. The cucumber is exhibited by Mrs. D. Couiter and was placed in the bottle by her grandmother 64 years ago.

Five Fruit Specimen.
The display of fruit and vegetables is unusually fine and the samples are as perfect as could be found in any county. In the booth is also a display of porch boxes, one of the finest being that of Mrs. Anna Belcher, who has given it to the committee in charge, to be sold for the benefit of the women's rest room, or in case it is not sold to be given to the rooms.

Giant Corn.
The corn on the stalk exhibited will do for any skyscraper ladder. Without reading the labels, every one guesses it to be of the A. O. Mason farm or from the Gus Romasser garden. The first is right, it is from the Mason fields.

Educational Exhibits.
The U. E. Copper Cable company has an unusually interesting booth that attracts many people who are not familiar with the many things shown and find it educational to study. The Maryville Business College also has headquarters on the upper floor.

Commercial Booths.
D. R. Everaole & Son, dry goods;

Dellart & Holmes, jewelers; P. O. Landon Music company; Crow Photo studios; Price & McNeal, furniture; the Bee Hive Shoe store; the Maryville Furniture and the Ryks Plumbing company have arranged their booths with displays which are very creditable. Price & McNeal have a new Kaiser Krey Oak Dining Room set, especially ordered for the display and the china and glass is exhibited by the Schumacher grocery.

Women's Handicraft.
The textile department where the women's work alone is shown, draws a constant crowd for there is work displayed which shows marvelous skill. The booth is looked after by Mrs. M. A. Peery, Mrs. G. R. Cornelius and Mrs. I. W. Nixon. The last of the premiums will be awarded by noon today. The three judges are Mrs. Paul Ream of Kansas City, Mrs. C. A. Childs of St. Joseph and Mrs. W. A. Bailey of Maryville.

Exquisite Needlework.
Mrs. Sue Walker has a display of the popular tatting, about 15 pieces, that is the admiration of every one. The pieces are a marvel of fine needlework.

Special Displays.
Two special displays one of basketry and one of pierced brass are in a class of their own. The basketry and raffia work is that of Mrs. M. A. Peery and the brass pieces, including five different pieces, were made by Miss Mabel Riffe.

Elderly Women's Work.
One of the most remarkable displays is that of Mrs. W. H. Jones of Burlington Junction. This includes two hand embroidered table cloths, crochet bedspread, several dollies and numerous other pieces and as the maker is 70 years old and slightly crippled in her hands the work is really remarkable. Mrs. Mary Hahn of this city has a very fine display of crochet work that is exquisitely done.

MULE SHOW LARGE.
Hereford Cattle Show Held at the Same Time This Morning.

The mule and jack show was held this morning at the county fair. There were a large number of entries. The following winners were announced:
Ring No. 7—John Cox, Graham, first; Clifford Frost, Skidmore, second; George Lucas, Maryville, third.
Ring No. 8—John Cox, Graham, first; Clifford Frost, Skidmore, second; George Lucas, Maryville, third.
Ring No. 9—Leonard Lynch of Maryville, first, second and third. He was the only entry.

In the Hereford cattle show held at the same time as the mule and jack show, Diehl & Sidwell of Queen City, Mo., won all of the prizes in all of the classes. They are on their way to Lincoln, Neb., where they will exhibit their cattle at the state fair.

Ring No. 10—Hall Bros., Stanberry, first; Albert Carr, Maryville, second; J. B. Horton, Ravenwood, third.
Ring No. 11—No entries.
Judges—Harrington of St. Louis, Keefe and Fulton of Bedford and Gordon of Lenox, Ia.

Police Court Busy.
Mary Clary, colored, was fined \$100 and costs for adultery. She paid the costs but not the fine, and was sent to jail.

J. E. Klaison was fined \$25 and costs for adultery. He paid both.
Orma Jackson, Estella Davis, E. L. Gill and L. M. Jackson were each fined \$15 and costs for prostitution.

L. D. Farning and James Roberts were fined for being drunk.

Announce Birth of Son.
Mr. and Mrs. Richard Osborne of Omaha announce the birth of a son yesterday. The Osbornes are former residents of Maryville.

SWEEPSTAKE BABY

AT THE FAIR IS SYDNEY FOX OF MARYVILLE.

78 ENTERED THE SHOW

Virginia Scott is Best Baby Girl and Donald Dowden the best Boy.

Sydney Fox, son of Mr. and Mrs. John Fox of this city, took the sweepstakes prize yesterday for the best baby in the baby show.

There were seventy-eight babies entered in the show. This included seventy-two singles and three sets of twins.

Donald La Vern Dowden, son of Mr. and Mrs. Clarence Dowden, northeast of here, took the prize for the best baby boy. The prize for the best baby girl went to Virginia Mae Scott, daughter of Mr. and Mrs. Clark Scott, who live northwest of town.

Frank Marshall Reavis, Jr., son of Mr. and Mrs. Frank Reavis of this city, was given the prize for the second best baby boy. The prize for the second best baby girl went to Alice Charles, daughter of Earl Charles of Skidmore, Mo.

The best twins were Mary and Martha Burch, daughters of Mr. and Mrs. George Burch of Pickering, Mo.

The second best twins were Minnie and Mary Bright, daughters of Mr. and Mrs. Albert M. Bright of Maryville.

The Gilliam-Jackeen Loan and Title company gave prizes of \$10 each for the firsts and \$5 each for the seconds. Ralph Marcell, the photographer, gave one dozen photographs for the sweepstakes prize.

WILL OBSERVE LABOR DAY.

Holiday at the Postoffice Monday—General Delivery to be Open for Two Hours.

Labor Day next Monday will be observed as a holiday at the postoffice and there will be one delivery of mail. The general delivery window will be open from 8 o'clock to 9 o'clock and again from 11:30 to 12:30.

Eldon Irvin will attend the meeting of the United National association of postoffice clerks which will convene at Omaha Monday. He will be away Monday and Tuesday. A number of the rural mail carriers are intending to be at the Fourth District rural mail carriers at Parnell Monday.

Mrs. John Borrusch and daughter, Mabel Grace, returned yesterday from a visit with relatives at Villisca, Ia.

RIVER IS RAISING

WILL END WATER SHORTAGE IN MARYVILLE.

BANK FULL AT HOPKINS

Six-Foot Rise is Expected Here Late Today—Continue Installation of Sandpoint System.

The agony is over! Maryville is now assured of an adequate water supply indefinitely. According to L. A. Denny, superintendent of the municipal water plant, a 6-foot rise in the 102 river is steadily pushing its way southward toward Maryville, and will probably arrive late this afternoon. At 11 o'clock the wall of water was about five miles south of Pickering and traveling at the rate of about four miles an hour there.

Superintendent Denny left for Hopkins early this morning to ascertain if a dam and the 102 drainage ditch about a mile south of that town, were responsible for holding back the water supply resulting from the recent heavy rains in Iowa. He intended to request the management of the dam to let a portion of the water at least through, that Maryville might have a greater quantity.

Mr. Denny gave up the trip, however, upon seeing the rise progressing steadily this way. He hastened home to put everything at the local pumping plant in shape for taking advantage of the raise. It was the intention of Superintendent Denny to shut off the water service throughout the city at noon today, until he saw how close upon the city was the rise in the 102 river.

Ends Uneasiness.

"When I left town early this morning there were but four inches of water in the reservoir, and it looked very much as though Maryville would again be devoid of city water," said Superintendent Denny, after returning from the up-river trip. "By holding down the drain over the city as much as possible I believe water service can be maintained until the rise arrives. Then we shall rest a little more easily than during the last few weeks."

That the river will rise more than the six feet later in the week is indicated in a telephonic communication from Hopkins, in which it was stated the river was bank full there and overflowing in the low places. At Pickering the river also is about bank full, according to Mr. Denny. This extra amount probably will reach Maryville tomorrow, or late tonight.

The installation of the sandpoint

system will continue, however, Mr. Denny said this morning. Three points were completed yesterday, while the same number is expected to be installed daily until the full quota of fifteen is completed, according to Mayor U. S. Wright.

No complaints of inadequate service have been received in any part of the city since all-day service was resumed this week, according to Superintendent Denny. This appears hopeful, in view of the fact that much more water is being used this week on account of there being so many visitors in the city attending the county fair.

WILL GET FREE TRIP.

Some Nodaway Boy Will Attend State Fair.

Some boy in Nodaway county will have a chance to get a trip to the state fair, with all of his expenses paid. The boy who receives the highest average in an examination to be given in the office of the county superintendent of schools will get this trip.

The Commercial club of Maryville will pay the railroad fare of the lucky boy, and the state fair will pay his expenses at the fair.

The examination for boys' week at the state fair will be held at the office of the county superintendent Saturday, September 5, at 10 o'clock. The examination consists of five questions in arithmetic, five in agriculture, five in geography and an essay of 250 words on "The Care of a Dairy Herd."

The examination will be open to any boy in the county between the ages of 12 and 17 years, except the ones who attended last year.

Ralph Palmer was the boy who was the delegate from here last year. This is the second year of the contest.

FUNERAL SERVICES TOMORROW.

Body of Thomas Q. Burns Reached Maryville This Morning.

The funeral services of Thomas Q. Burns, who died Tuesday at a sanatorium at Rochester, Minn., will be held at 9:30 o'clock tomorrow morning at St. Patrick's Catholic church. Interment will be made in St. Patrick's cemetery.

The body of Mr. Burns reached Maryville this morning, accompanied by Mrs. Burns and daughter, Mrs. Tom Davis, who had gone with him to Rochester several weeks ago.

To Preach Sunday Night.

Dr. C. C. Drummond, missionary pastor of the First Christian church, will preach at the First Christian church next Sunday night. Dr. Drummond now is stationed at Horta, India, for this church. It is expected that Dr. Drummond will describe to a great extent in his sermon Sunday night conditions as he has found them in India.

FAIR ATTRACTIONS GOOD.

Capt. J. H. Worden and His Air Machine Popular With the Spectators—Balloon Ascension Spectacular.

The free attractions provided by the program committee of the Maryville fair are certainly making good with the Maryville fair goers. The promptness and thoroughness with which they do their various acts speaks well both for them and for the management.

Captain J. H. Worden, who appears three times each day, is one of the most popular performers given to the fair fairs. The flight of yesterday afternoon took place at the same time that one of the races was being run. The big machine seemed to pause just long enough to perceive the contest which was going on below, and then took a long sweeping dip toward the race track and became an unlisted entry in the race. Needless to say the airship has a little the better of the contest. Each time as Captain Worden sails over the grand stand, he waves to the people below, who in turn salute him as in a body.

Captain Worden gave another successful exhibition of flying at 5 o'clock. It seems hard for the people as a whole to realize the terrific speed which the big air machine actually attains. Captain Worden said yesterday evening that as he was passing over the fair grounds in one of his flights yesterday, that he saw a rather elderly man squint judiciously at the machine and then take down the race track at full speed, evidently hoping to distance the aeroplane.

The balloon attempted to go up early in the afternoon, but the wind was too high for them to successfully fill the gas bag. However, shortly before 6 o'clock they succeeded in filling it, and at 6:05 made the ascension. The evening was ideal, as there was scarcely a breath of air moving, and the big black bag, with its human freight, ascended straight into the air for a long distance and then when it had ceased to rise, the balloonist cut loose in his parachute with a burst of flame and smoke, making a very pretty descent. There was not sufficient air to carry the balloonist outside of the inside of the race track for his light.

COUNTY COURT TO MEET.

Will Equalize Merchants' Tax Prior to Routine Work.

The Nodaway county court will meet in regular session next Monday for the entire week. The court will form an equalization board for the first three days for the equalization of merchants' taxes. The latter part of the week will be devoted to the usual routine work.

Presiding Judge Thornhill said this morning he expected little important business during this session. A number of business men, however, have asked for an investigation into their assessments, it is said.

Visited at Traces.

L. M. Dunn of Bedford, Ia., spent yesterday in Maryville visiting with his daughter, Ruby, who makes her home with Mr. and Mrs. L. B. Tracy.

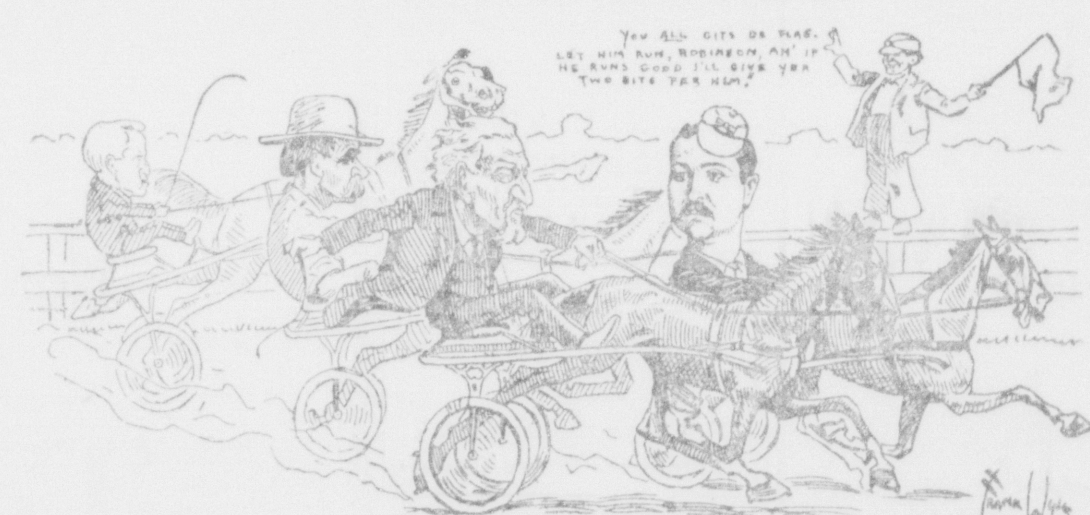

B. W. Trullinger of Mound City arrived in Maryville this morning to visit his son, Henry Trullinger, and his daughter, Mrs. C. L. Evans.

Miss Inez Balaun left today for Orange, Texas, to teach in the high school there.

THE WEATHER

Fair tonight and Friday, with not much change in temperature.

SOME OLD TIME RACE SCENES

The above cartoons were made during a race meet in Maryville in 1897. They were made by Frank Wing, a cartoonist who is now employed on the Minneapolis Tribune. At that time he was in the city visiting his cousin, Horace Leet. The four drivers, F. P. Robinson, Rodney Hamblen, the late J. T. Welch and G. W. Plak, now a resident of Wellington, Kan., were the prime movers in the event.

"GETS-IT" is the first one ever
known to remove corns without fail,
without pain and without trouble.
This is why it is the biggest-selling
corn cure in existence today. It is
now used by millions, because it does
away with sticky tapes, with plasters
and cotton rings that stiffen their
position and press down onto the corn,
with silver "clips" that do not
with "GETS-IT" that cures promptly
and painlessly. Try it on any corn, with
cure or bunion tonight.

Deafness Cannot Be Cured

Local applications, as they cannot reach the
heated portion of the ear. There is only one
way to cure deafness, and that is by constitutional
remedies. Deafness is caused by an inflamed
condition of the mucous lining of the Eustachian
Tube. When this tube is inflamed you have a
running sound or imperfect hearing, and when
it is entirely closed deafness is the result, and
unless the inflammation can be taken out and
this tube restored to its normal condition, hear-
ing will be destroyed forever; nine cases out of
ten are caused by Catarrh, which is nothing but
an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case
of Deafness (caused by catarrh) that cannot be
cured by Hall's Catarrh Cure. Send for circular,
free.

Will Filed for Probate.

The will of Mrs. Amanda Sipes, who
died Friday, August 21, was filed with
Probate Judge W. H. Conn this morn-
ing. The estate is left entirely to the
deceased's husband, Noah Sipes, and
at his death the whole amount, with
the exception of a legacy of \$50 each
to be given to the step-children, Wil-
liam and Charles Sipes, Mrs. Elda
Rutherford and Mrs. Verna Metcalf, is
left to a son, Lester Sipes. The will is
witnessed by D. R. Eversole and Fred
J. Yeomans. Lester Sipes is named as
executor without bond.

Announce Prize Winners.

The prize winners in the contest
which has been conducted by the Pear-
son drug store were announced this
morning by Judges Thad Wilderman,
Howard Strong and Henry Stapler.
Miss Mayme Parish won the first pre-

Marie Binter was awarded an Elgin
watch as second prize. Miss Ora Bar-
mann received third prize of a lady's
gold watch.

Hopkins Lyceum a Success.

Contrary to the facts in the Mary-
ville Chautauqua, the Chautauqua now
being held in Hopkins is proving a
financial success, according to the
Hopkins Journal. The gate receipts
are greater than was anticipated by
either the Chautauqua management or
the local committee. The advance sale
of season tickets which were guaran-
teed by the local sales body at \$600,
overran those figures by about \$75.

E. W. Looker of Craves came to
Maryville last night to visit until Sun-
day with his brother, John Looker.
Mr. Looker was one of the earliest set-
tlers in Maryville, having moved to
Maryville in 1862, when nothing but a
few log cabins dotted the landscape.
Mr. Looker moved from Maryville
thirty-eight years ago.

Guests From Illinois.

Mr. and Mrs. J. M. Townsend and
daughter, Estelle, of Stockton, Ill., ar-
rived in Maryville yesterday in their
car to visit Mr. Townsend's brother,
S. H. Townsend, and his sisters, Mrs.
J. N. Manley and Mrs. C. D. Hooker,
and families.

FAST TRACK YESTERDAY.

Races All Run as Scheduled—Program
Tomorrow Includes Auto and
Motorcycle Races.

With an exceptionally fast track and
the horses in good fettle yesterday's
races were among the most interesting
yet ran at the fair. Every race was
run as scheduled, and there was nothing
to mar the afternoon except that the
fast running mare, Miss Sly, was
unable to contest because of a severe
strain which she received in one of the
races of the day before. It is doubtful
whether she will be able to contest in
the big Maryville derby today.

The final results of yesterday after-
noon's heats were as follows:

First race, 2:15 pace—First money,
Hallie Phelps, owned by J. Phelps of
Fayette, Mo.; second, Dan Gentry,
owned by J. T. Norman of Stanberry,
Mo.; third, Little Gene, owned by M. A.
Rundle of Craig, Mo.

Second race, the 2:20 trot—First
money, Catherine Wiley, owned by V.
L. Ambrose; second, Tasko, owned by
Rowe of Fayette, Mo.; third, Joe Fra-
zier, owned by Ole Rowe, Shelbina, Mo.
The fastest heat was run in 2:25.

The third race was a 4½ furlong
dash, in which Lover's Lane won first
money, Tonight won second money, and
King Earl won third money. Time, 56.

The fourth race was the 5½ furlong
dash. First money was won by Beas
Ward, second money was won by Las-
se Dear, and third money was won by
Deerfoot. Time, 1:12½.

The fifth race was a hurdle exhibi-
tion given by Ballencer.

Tomorrow there will be automobile
and motorcycle races and also a coun-
ty trot or pace and mule race. The
entries will not close until 10 o'clock
in the morning. There is a purse of
\$50 for a 20-mile auto dash; \$20 for a
20-mile motorcycle dash; and \$25 for
a two-mile automobile dash. For the
one mile race, any make car, first
prize, is \$20.

The other events are:
2 mile motorcycle dash, first prize,
\$10; 2 mile bicycle race (boy under 16
years) first prize \$10; best lady driver
(speed not considered) \$10; best gent
driver (speed not considered) \$10;
county trot or pace, ½ mile, two in
three \$20; mule race, one mile, first
prize \$20.

FIGHTING THE HESSIAN FLY.

Government Gives Suggestions for Eradicating Pest.

That the Hessian fly will do serious damage to wheat this fall is not the least problematical. Investigations by experts of the bureau of entomology, United States department of agriculture, together with unlimited correspondence and press reports indicate that the pest is generally distributed over several states, including Oklahoma, Kansas, Nebraska, Iowa, Missouri and Arkansas, sections of which have suffered immense loss from its ravages to wheat during the season just closed.

There are two generations each year over the district outlined above and the recommendations given herein are applicable to the entire district. The first generation occurs in the early spring, at the time the new wheat leaves are putting forth. This is the one that did so much damage to the wheat last spring, and the "flaxseed" produced by this generation are in the wheat stubble at this time. The second generation is the one produced by the "flaxseed" which are in the stubble. It occurs on the fall wheat and often kills out 75 per cent to 100 per cent of the plants. The farmer must destroy the "flaxseed" in the stubble before the wheat is planted.

Disc the stubble as soon as possible after the wheat is removed; follow disc with a big fire; follow the fire with the plow, and plow deep; follow the plow with the harrow or heavy roller. If you do not wish to burn the stubble then follow the disc with the plow, being careful to cover all the stubble and weeds. Prepare a good seed bed and be careful to select the strongest seed, choosing a variety having a stout straw.

Suitable dates for sowing wheat are as follows:

Sow wheat after Sept. 25, north of 41st parallel.

Sow wheat after Oct. 1, north of

The Round Oak Base Burner is the strongest floor heater; because of the large cold air circulating flue drawing the cold air off the floor and carrying it over the intensely heated base flues, thus creating circulation. Let us show you this construction.

To burn soft coal economically, you must consume 85 percent of gas of which it is composed, as possible.

The Round Oak double heater is so constructed that it does this. Let us show you why.

The Round Oak with the double fire bowl and cone center, clinker crushing grate makes not only the best Round Oak possible, but the most durable soft coal stove to be had and it costs no more than others that are much shorter life.

NEW DETAILS OF BATTLE

Servians Defeat Austrians at Jedar Says Official Statement.

Nish, Servia, Sept. 3.—An official statement gives new and fuller details of the battle of Jedar. The Austrian force, it says, was composed of 200,000 men and held a favorable position. By its retreat it admitted defeat. The Austrians left on the field of battle 10,000 dead and more than 2,000 wounded according to the report.

"Altogether," continues the statement, "40,000 of the enemy were placed hors de combat. We have sent to the interior more than 4,000 men whom we took prisoners and have captured sixty guns, much ammunition the material for the construction of a 600 meter bridge and a train. The battle was of great importance, because it was decisive. The enemy retreated to Santzek."

Germany Lifts Embargo on Dyes. Washington, Sept. 3.—Representative Metz received from Rotterdam and transmitted to Secretary Bryan advices that Germany has raised the embargo on exportations of dye stuffs, but not on pharmaceutical products.

Senate Passes Clayton Bill. Washington, Sept. 3.—The Clayton anti-trust bill, to supplement the Sherman law, which will complete the administration trust legislative program for this session of congress, passed the senate. The vote was 46 to 16.

Bread; No Rolls in Paris. Paris, Sept. 3.—Americans in Paris had to go without their breakfast rolls. By order of the authorities only bread is to be baked hereafter. This will save flour.

Open Hopkins Plant Soon.

The Hopkins electric light plant, which has been in the course of construction for some time, is expected to be completed and ready for business the latter part of this month, according to H. A. Dalby, proprietor. Forty-five homes already have been wired for the current, it is said, and many farmers south and southwest of the

city are arranging to have electricity wired to their homes. Pickering also may contract for a supply for both light and power.—Hopkins Journal.

PURE WOOL

In the first pink dawn of our civilization, in the earliest epoch of history when what we know of our ancestors is hardly more than a guess at the truth, we find them "tending their flocks," and those flocks were sheep, furnishing both food and raiment. As we continue down the hallowed halls of time, we find wool the most highly prized of men's possessions an index of his wealth, an article so valued that it has been woven into the history and sung into literature of the great races that are gone. It was Jason the mighty traveler whose wanderings have been immortalized in all languages—and Jason spent years in his search for what

THE GOLDEN FLEECE

Our forefathers crossed the plains to bring back the Golden Fleece of California, but of far greater value have been the shiploads and trainloads of billowy, snow white warmth compelling wear resisting wool. Wool is no less precious today, many attempts have been made to imitate it, many of these attempts are clever in appearance and to protect our customers, those who wear our clothes, we guarantee that all the suits we bought for this Fall and Winters business are strictly all wool and do not contain a particle of cotton. Our long service and honorable dealings should appeal to you, enough said.

Yours Sincerely,
M. NUSBAUM

WAR NEWS SUMMARIZED

The seat of the French government is to be removed from Paris to Bordeaux, which lies 353 miles south southwest of Paris.

The British official press bureau announces that the French army has assumed the offensive and gained ground in the Lorraine district and that continuous fighting has been in progress all along almost the whole line of battle. The Russians, it is asserted, are investing Koenigsburg. Direct advice from the Russian capital give a report of a battle lasting seven days between the Russians and Austrians around Lemberg, capital of Galicia, in which the Russians were successful, forcing the Austrians to retreat, and seizing heavily fortified positions.

French aviators have pursued a German aeroplane over Paris. There was an exchange of shots in the air, but the German succeeded in getting away.

Russia admits a serious defeat in East Prussia at the hands of the Germans. In this battle two Russian army corps were badly cut up and three generals and a number of staff officers were killed.

An official report from Paris says that a German cavalry corps, marching toward the forest of Compiegne, engaged the British, and the British captured ten guns.

Petrograd (St. Petersburg), Sept. 3.—The following official communication was issued by the Russian war office:

"After a battle lasting seven days the Russian army seized heavily fortified positions around Lemberg, capital of Galicia, in Austria-Hungary, about ten or twelve miles from the town. The Russian troops then advanced toward the principal forts.

"After a battle, which was fiercely contested, the Austrians were obliged to retreat in disorder, abandoning heavy and light guns, parks of artillery and field kitchens.

"Our advance guard and cavalry pursued the enemy, who suffered enormous losses in killed, wounded and prisoners.

"The Austrian army operating in the neighborhood of Lemberg was composed of the Third, Seventh and Twelfth corps and part of the Seventh and Fourteenth corps. This army appears to have been completely defeated.

"During the pursuit by the Russian troops the Austrians, who beat a retreat from Galla Lipa, were forced to abandon an additional thirty-one guns. Our troops are moving over roads encumbered with parks of artillery and convoys loaded with provisions of various kinds.

"The total number of guns captured by the Russians around Lemberg amount to 150.

"The Austrian Fifteenth division was completely routed near Lustchoff on Aug. 28 and 100 officers and 4,000 soldiers were taken prisoners."

The general staff also gives the following account of the Russian reverses in East Prussia:

"Our offensive continues in our western position in East Prussia. Our troops have destroyed the railroad stations at Landsberg, Roessel and Bischofsstein and the Hellsberg-Zintern and the Dartenstein-Koenigsberg railroads.

"In the southern portion of East Prussia the Germans brought up reinforcements along our whole front and attacked our two army corps. These corps suffered a check, caused by the heavy artillery which the Germans brought up from the neighboring forts on the Vistula.

"Our contact with the enemy remains unbroken and fresh Russian troops are arriving on the Austrian front. The stubborn fighting continues."

The general staff announces that the Austrian Fifteenth division was completely routed near Lustchoff on Aug. 28 and that 100 officers and 4,000 soldiers were taken prisoners.

TO MOVE CAPITAL

Paris, Sept. 3.—A proclamation has just been issued by the government announcing that the government departments will be transferred temporarily to Bordeaux.

The building of supplementary defense works is proceeding vigorously. Several of the gates of Paris were closed to traffic.

The proclamation was issued by the minister of the interior, who said the decision had been taken solely upon the demand of the military authorities because the fortified places of Paris, while not necessarily likely to be attacked, would become the pivot of the field operations of the two armies.

Refugees from Crepy-en-Valois, department of Oise, twenty-three miles southeast of Compiegne, say the Germans were crushed near there and that piles of bodies were lying yards high. A sergeant wounded in the neighborhood of Compiegne declares he witnessed the annihilation of an entire German division by the French artillery.

At the eastern station the refugees are nearly as numerous, but there are few wounded among them. An injured artilleryman who arrived there spoke mysteriously of the terrible effects of certain French projectiles.

Situation in North. "In the north there are no signs of hostile troops at Arras, Lille, Bethune, Douai and Lens," according to an official announcement.

"Parts of several German army corps in Belgium," the statement continues, "are moving eastward into Germany."

The official statement adds: "In Lorraine our advance continues on the right bank of the Saone. In the south the situation is unchanged. In upper Alsace the Germans appear to have left. Before Belfort there is only a thin curtain of troops."

"A German cavalry corps which was marching toward the forest of Compiegne, on the left wing of the allied forces, engaged the English. The English captured ten guns."

"Another German cavalry corps has pushed on as far as the line from Solsonne to Anzelle Chateau. In the region of Reims and the Meuse the enemy is inactive."

BURGLARS VISIT STANBERRY.

Homes and Business House is Entered During Night.

The residence of E. C. Limbey, who lives in the eastern section of the town, was entered Tuesday night and \$27 stolen from his clothing. Two watches that were in his pockets were not taken.

Earlier in the evening a prowling person attempted to enter the home of Jessie Wilson, but was frightened away through the interference of a passing pedestrian.

A slaughter house belonging to Lydell & Son was burglarized and hides valued at \$10 stolen.

It is thought by the authorities here that the thefts were committed by some local person who knew the parties.—Stanberry Herald.
